

Gender Equality Scheme

Staffordshire Housing Association is passionate about equality and diversity. We respect people for who, not what, they are.

We are committed to promoting gender equality, and to providing equality of opportunity, privacy and dignity for transsexual men and women.

We provide equal pay for equal work, and equal opportunity to develop and progress.

All individuals, regardless of gender, have the same rights and opportunities to influence our work.

We provide equal access to our services and equal treatment of our employees and customers regardless of gender.

Our policies, procedures and practices do not discriminate against any gender in either terms of service delivery or employment.

We will achieve our gender equality aims through the objectives we have set up in our Equality & Diversity Action Plan, and we will monitor and review progress on the plan each year. The plan will be reviewed every three years.
